Allied Interference With Trade

## CREATES TARIFF COMMISSION

### TUESDAY IN CONGRESS.

**Senate.**  
Danish West Indies purchase treaty favorably reported by foreign relations committee.  
Session continued during evening to finish debate and vote on revenue bill.  
Passed the emergency revenue bill by vote of 42 to 16.  
Adjourned at 12:20 a. m. (Wednesday) to 11 a. m., Wednesday.

**House.**  
Series of campaign speeches delivered.  
Adjourned at 2:52 p. m., until 10 a. m., Wednesday.

WASHINGTON, Sept. 4.—The administration emergency revenue bill designed to raise \$205,000,000 annually from taxes on inheritances and war munitions and from increases in the income tax, creating a tariff commission, establishing a protective tariff on dyestuffs; providing for protection of American firms from "dumping" at the end of the war and giving the president authority to take drastic retaliatory steps against allied interference with American trade was passed late tonight by the senate. The vote was 42 to 16.

Eliminating the usual formalities in order to insure adjournment of congress by Thursday at the latest, the senate rushed the measure, the last on the administration legislative program immediately to conference.

Five Republican senators, Cummings, Kenyon, LaFollette, Norris and Clapp voted for the bill. There were no Democratic nays.

Senator Underwood declared creation of the tariff commission was a surrender to the Republicans and an abject abandonment of Democratic principles.

"By creating the commission," he said, "the Democratic party lowers its spear and flaunting the white flag of retreat makes terms with the common enemy on the grandest principle the party ever stood for."

Senator Smith of Georgia replied, insisting that many Democrats had advocated a tariff commission for years.

To increase government revenues the bill provides for doubling the normal income tax and increasing the surtaxes, an inheritance tax, a net profit tax on manufacturers of munitions of war, a license tax on stock of corporations capital listed at more than \$99,000, excise taxes on beer, wines and liquors and miscellaneous stamp taxes. The measure also creates a tariff commission, provides for increased tariff duties on dyestuffs to encourage their manufacture in this country and makes provision to safeguard against dumping of foreign made goods after the European war into American markets.

Drastic amendments to the bill striking at the allied blacklisting of American merchants, discrimination against American commerce, interference with American mails and on cargoes of American trade were incorporated in the bill to arm the president with retaliatory weapons. These amendments have created consternation among diplomatic representatives of the allied powers in Washington, who assert that if finally enacted as now seems certain, it would constitute a non-intercourse act and lead to commercial warfare.

Passage of the bill and adjournment of congress were threatened for a time tonight by an attempt to attach to the measure the Webb bill desired by the president permitting American firms to establish collective selling agencies abroad. When Senator Lewis submitted the bill as an amendment he was promptly assured by Senator LaFollette that it would provoke prolonged discussion if presented. Senator Lewis thereupon withdrew the amendment, announcing that it would be pressed as a separate measure, already having passed the house.

Late tonight a vain effort was made by Senator Husting to amend the bill by providing for publicity in the discretion of the president of the income tax returns of individuals. The amendment was defeated 32 to

26. An amendment by Senator Phenix to extend the time from ninety days to six months for the payment of the tax of 55c a gallon on brandies used in fortifying wines, was adopted.

### Creates Tariff Commission

The bill creates a tariff commission recommended by President Wilson, to consist of six members, not more than three of whom shall be of one political party, the first members to be appointed for terms of two, four, six, eight, ten and twelve years, respectively, to be designated by the president, their successors to be appointed for terms of 12 years. The commission would investigate the administration and fiscal effects of the customs laws; relation between the rates of duty on raw materials and finished or partly finished products; effects of ad valorem and specific duties; all questions relating to the operation of the tariff laws. Tariff relations between the United States and foreign countries and would make reports to the ways and means committee of the house and finance committee of the senate.

Salaries of the commissioners were fixed at \$7,500 a year after a hard fight led by Senator Cummings of Iowa to increase them to \$10,000. His amendment for that purpose was defeated after an all day debate by a non-partisan vote of 35 to 18. Special taxes are imposed as follows:

**Inheritance tax**—a tax on the transfer of the net estate of descendants dying after passage of the act, one percent of the amount of such net estates, not in excess of \$50,000; two percent \$50,000 to \$150,000; three percent \$150,000 to \$250,000; four percent \$250,000 to \$450,000; five percent \$450,000 to \$1,000,000; six percent \$1,000,000 to \$2,000,000; seven percent \$2,000,000 to \$3,000,000; eight percent on \$3,000,000 to \$4,000,000; nine percent \$4,000,000 to \$5,000,000 and ten percent on the amount by which such estate exceeds \$5,000,000.

**Parlor car and sleeping car tickets**, one cent each.

Amendments for retaliation against Great Britain for embargoes on American goods, the trade blacklist, and interference with the mails, were agreed to with out roll calls and were unopposed in debate.

The amendments would authorize the president to:

Deny use of United States mails and other communication facilities to citizens of any belligerent nation which does not accord these facilities to American vessels, citizens, companies, or corporation; withhold clearance to any vessel which gives "any advantage to any particular person or situation in the United States or its possessions or to the citizens of the United States residing in neutral countries abroad" or is subjecting any of them to "any undue discrimination in regard to accepting, receiving, transporting or

## LARGE CROWD GREET HUGHES AT CINCINNATI

NOMINEE STATES HE HAS LITTLE  
DOUBT AS TO ELECTION RESULT

Repeats His Views as to Commercial  
Competition After the War—Con-  
demns Legislation in Advance of  
Investigation in Speech at Lex-  
ington, Ky.

Cincinnati, O., Sept. 5.—Charles E. Hughes at an open air meeting here tonight said that he had very little doubt as to the result of the election in November.

"Everywhere I have been," Mr. Hughes said, "the depth of feeling manifested has indicated to me that there is very little doubt with respect to the result in November."

The nominee remained only an hour, between trains, in Cincinnati, leaving at 9:45 P. M., for Maine.

A large crowd greeted his with fireworks.

In his speech Mr. Hughes repeated his views as to commercial competition after the war and reiterated arguments for a protective tariff; outlined preparations views and assailed the administration for failing to prepare for the Mexican crisis.

"We are all loyal citizens, no matter what race we spring from," Mr. Hughes said, "and we are all loyal to our country."

The crowd cheered this statement loudly.

Mr. Hughes again declared himself for arbitration and conciliation of industrial disputes.

**Speaks at Lexington, Ky.**

Lexington, Ky., Sept. 5.—Charles E. Hughes, addressing an audience that filled the auditorium here today condemned "legislation in advance of investigation" and declared that the United States had "gone very far toward the day when we shall have action under pressure, instead of in consideration of the facts."

Mr. Hughes' declaration was loudly applauded. The nominee did not refer by name to the Adamson law but his remarks were interpreted by many in the audience as applying to it.

"We have a new spirit abroad in these recent days in America," Mr. Hughes said. "It is the spirit that demands legislation in advance of investigation. It is the spirit that demands execution and congressional action in advance of an examination of the facts upon which said action should be based."

"It is the spirit that says: 'Legislate now and investigate afterward.' It is the spirit of force. It is not American."

"In the bottom of my soul I desire fair dealing in this country between man and man. There is no one more anxious than I that there should be equity in connection with all our relations. I want to see our human resources conserved by wise and intelligent action."

"I want to see every part of class antagonism vanish in the presence of the application of just principles."

"I want to see our men knit together in a common fellowship. I want labor to have safe means of work; sanitary conditions for recreation, fair wages, provision for old age. I want what is reasonable for labor. There is one thing that underlies it all, and that is that in all our efforts to secure what is just that we keep the priceless institutions of this land which distinguish us as a free country and separate us from the autocracies of the world."

"There is something that precedes my demand, however, and that is the willingness to abide by the results of reason. It is the demand that when we do anything in this country we should understand the way we travel where we put our foot down and never surrender to any force of any kind. It is as the future will unfold our priceless heritage that we have a country where intelligence reigns, where there are many opportunities of education, where we are trying to stamp out every abuse working against our institutions."

"We submit ourselves with respect to our greatest national concerns to the arbitration of the public judgment every four years. We submit our arguments, tell what we think and desire to be done. Then we go to the polls and express our convictions and then every American citizen whether he is victorious or defeated goes home satisfied and with reason rules."

delivering any cargo, freight or passengers."

Deny commercial privileges and facilities of the United States to any vessel or citizen of a belligerent nation which does not accord full facilities of commerce to American citizens that are accorded to citizens of other nationalities or to withhold clearance to vessels of such belligerent nations until reciprocal liberty of commerce has been restored.

Employees of United States land and naval forces to enforce the retaliatory measures; and to prohibit importation of goods into the United States from nations which prohibit the importation into their own or into any other country or dependency, of any legal article produced in the United States,

ORSOVA AND HERKULESFUERDOE

LONDON, Sept. 6.—The Roumanians  
have captured Orsova and Herkulesfuerdoe, in Transylvania,  
according to Vienna advices to the  
Exchange Telegraph company.

Orsova is on the Danube a short

territory and divides Roumania  
from northeastern Serbia. The  
town has considerable importance  
as a lower Danube port. In 1900 it  
had a population of about 5,000.  
Herkulesfuerdoe lies 11 miles to  
the north of Orsova.

There are 12,000 public schools in  
Illinois and Superintendent of Pub-

timates 99 percent of them opened

but reports indicate not many schools  
were affected by this delay.

## JAPAN PASSES DRASTIC DEMANDS ON CHINA

RESULTS FROM RECENT ARMED CON-  
FLICT BETWEEN SOLDIERS

Private Dispatches Reveal Japan  
Seeks Indemnities, an Apology and  
Political Concessions Through-  
out Mongolia and South Manchuria.

Washington, Sept. 5.—Sweeping  
demands, far more drastic than any  
published summaries have indicated,  
are revealed in the secret terms be-  
ing pressed on China by Japa-  
nese as a result of the re-  
cent armed conflict between  
soldiers of the two nations at Cheng  
Chiatun in inner Mongolia. Private  
dispatches received here today re-  
veal that Japan seeks indemnities, an  
apology and political concessions  
throughout the whole section of inner  
Mongolia and south Manchuria.

The four formal demands asked,  
punishment of the commanding Chi-  
nese officer involved, dismissal with  
dishonor, of the other officers,  
instructions to Chinese troops in in-  
ner Mongolia and South Manchuria  
not to interfere with Japanese troops  
or civilians, recognition of "special  
interests" for Japan in inner Mon-  
golia and South Manchuria.

Besides are four "concessions,"  
which China is asked to grant Japa-  
n without formal demand as follows:

The Chinese army in South Man-  
churia and Eastern Mongolia to em-  
ploy Japanese military advisers;  
Chinese schools and colleges to have  
Japanese military instructors; a for-  
mal apology in person from the Chi-  
nese governor of Mukden to the Ja-  
panese consul at Mukden for the  
Cheng Chiatun trouble; monetary  
compensation to families of Japanese  
killed.

Secretary Lansing tonight refused  
to comment. It is known however,  
that steps will be taken immediately  
by the state department to secure  
detailed reports, American interests  
seem at first glance to be more deep-  
ly involved than in any event in the  
far east since Japan's famous ultim-  
atum to China in May, 1915.

## ARREST THREE SOLDIERS

Springfield, Ill., Sept. 5.—Three

had assaulted him. The soldiers  
said they saw Kirk throw a woman  
out of an automobile and they com-  
pelled him to let her get back into  
the car. Kirk drove the three sol-  
diers to the police station where  
they were placed under arrest and  
later released to the captain of  
their company. Their names are W.  
M. McMahon, P. D. Fitzpatrick and  
W. M. Moore.

## RETURNS INDICATE LA FOLLETTE HAS BEEN NOMINATED FOR SENATOR

MILWAUKEE, Wis., Sept. 5.—  
Primary election returns up to 10:30  
tonight indicate Robert M. LaFol-  
lette has been nominated for United  
States Senator over M. G. Jeffris of  
Janesville. While the senator showed  
a loss in some of his former strong-  
holds, he seems to be running  
ahead in Milwaukee county and the  
northwestern part of the state.

The Republican state ticket will  
undoubtedly be headed by Governor  
E. L. Phillip, who apparently carried  
with him Henry Johnson, as nominee  
for state treasurer. The LaFollette  
faction appears to have nominated  
E. F. Dithmar for Lieutenant Gov-  
ernor; Merlin Hull for secretary of  
state and Walter Owens for attorney  
general the nominees on the whole  
being two Phillip candidates and  
three LaFollette followers.

## CONSIDER POSSIBILITY THAT VILLA WILL ATTACK AMERICANS

Funston Regards It as not Im-  
probable that Villa Plans to En-  
gage Americans at Some Point,  
Where They are not in Great  
Strength.

San Antonio, Texas, Sept. 5.—The  
possibility that Francisco Villa is  
making his way to the northwest,  
with the intention of attacking some  
portion of General J. J. Pershing's  
expeditionary force was considered  
at Major General Funston's head-  
quarters tonight.

General Funston received despatches  
containing Mexican despatches  
locating Villa forces in the Santa  
Clara canyon.

Granting that the information is  
true General Funston said he regarded  
it as not at all improbable that  
Villa was planning to engage the  
Americans at some point probably  
where they are not in great strength.  
"We will have some excitement  
soon," he observed.

## Bandit in Santa Clara Canyon.

El Paso, Texas, Sept. 5.—Francis-

Clara canyon, and yesterday, was in  
the vicinity of Tapachua, about 55  
miles south and east of the American  
lines at El Valle, Chihuahua, ac-  
cording to private despatches here  
today. A Carranza force, headed by  
General Eliseondo is said to be in  
pursuit. It is believed here that the  
bandit leader is in search of am-  
munition, said to be hidden in the  
canyon.

Toward Peronne

## RUSS REPORT SUCCESS

Muscovites Claim Continuance  
of Advance Toward Hungarian  
Plains Thru Carpathians

## CUT DOWN BULGARIAN POST

Gradually the lines of the entente  
allies are drawing more closely about  
Combles and toward Peronne, and  
farther and farther the wedges are  
being driven into the lines both  
north and south of the river Somme.  
On a front of about twenty five  
miles the French and British troops  
supported powerfully by their enor-  
mous artillery are hammering the  
Germans.

North of the Somme to the east  
and southeast of Forest the French  
have driven forward their lines cap-  
turing the outskirts of the Anderlu  
wood, Hospital farm and the Rain-  
ette wood and part of Marrières  
wood and a position on the road  
leading from Bouchavesnes to Clercy.  
Near Ghinchy to the north of  
Guillemont, the British have made  
further progress winning all the ter-  
ritory between the Falfemont farm  
and Leuzewood and between that  
wood and the outskirts of the town  
of Ghinchy, which they captured and  
have held since the fighting of Sun-  
day.

South of the Somme the French  
have taken the town of Chilly, situ-  
ated one mile west of the railroad

### Increasing High School Usefulness.

Not a great deal was said at the meeting of the board of education Tuesday about the proposal to hold certain classes at night, but what was said meant a great deal. The suggestion was made that there have been a number of requests from adults who are preparing to take civil service examinations, that they would like to attend night school classes. The superintendent of schools declared himself heartily in favor of the suggestion and if a sufficient number of adults make known their wishes the desired classes will be established. This will be done without special expense to the school system and at very slight cost to those who may attend.

In larger cities night classes are the regular thing and it is well, indeed, that the local board of education stands ready to meet any demand for such privileges which may exist here. The tendency of the times is to increase the scope of work of the high school and thus enlarge its usefulness. By the pursuance of this policy the high school is more and more coming into a realization of the claim that it is the people's college. Anything that is done to increase the efficiency and the influence of the public schools is for the general good and will be approved by the public.

### The Church as a Business Example.

As Methodist ministers are assembled in conference at Springfield this week it is common knowledge that many of them are there with the hope that they will be sent to new charges. In most such instances the desire to move is occasioned by the inadequate salaries paid. Certain it is that the remuneration paid to ministers has not been increased in proportion to keep pace with the high cost of living. It is a sad reflection on the churches that so many ministers are poorly paid and that in other instances the ministers must make frequent request for the salary due and in some cases must even make open appeal to the membership.

The church is not setting the best example in the community unless its minister is paid promptly and well and unless the various church obligations are met promptly. Too often it happens that the mercenary or business man who sells to a church does so with the knowledge that his bill for goods sold will not be met promptly and then perhaps that a discount will be expected. The church should be an example of the highest business principles in every community.

### What Mr. Wilson Omitted

The New York Evening Post, a most loyal supporter of President Wilson, presents an arraignment of his speech of acceptance as severe as it is just. It says: "We find no record here of his vacillations and short com-

ings in relation to the European war. He does not attempt to defend his complaisance toward the labor unions; he is silent as to his shameful breach of faith towards the colored people, his betrayal of the party on the tariff principle, his change of front on the Tariff Commission, and other issues. There is no hint here of the arrogance with which, without adequate consultation with party leaders, he has single handedly changed the historic policies of his party. As if he had a second thought on the matter of national defense, he barely touches upon the action of Congress in the field of 'preparedness.' He has put his best foot forward, but he cannot expect that the numerous blunders and disappointments of his administration will be forgotten. When one reads his speech one cannot but regret all the more that Mr. Wilson has not lived up to the promise of four years ago. Had he but remained true to the principles he had so often avowed, his reelection would now be a moral certainty. Far more than the criticism of his adversaries, Mr. Wilson's own shortcomings and compromises have today put many thousands of his former supporters in a quandary as to whether in voting for Mr. Hughes, they will not, after all, be choosing the lesser evil. From this quandary the President's speech, for all its power, will not release them."

### Women in the Coming Election.

The women of Illinois who have been granted partial rights of suffrage will not have especially exciting times in the coming primary election as they can vote only for candidates for state university trustees, member of the state board of equalization and county surveyor. Louis Hirshelmer of Pittsfield is the only candidate for member of the board of equalization on the Democratic ticket and there is no candidate for this office on the Republican ticket. E. M. Henderson is the only candidate for county surveyor on the Republican ticket and there is no candidate on the Democratic ticket.

It therefore, is certain that women voters will not take a very lively interest in the election next Wednesday. But when it comes to the election next November that is a different matter, for they have the right to cast their vote for presidential electors and thus will take the same part in choosing the next president of the United States that is accorded to male voters. The indications are too that a vast number of women will exert their suffrage rights.

## MRS. HENRY NORTH DEAD AT HOME IN WINCHESTER

Deceased Had Spent Nearly All of Her Life in Scott County—News Notes.

Winchester, Ill., Sept. 5.—Death came to Mrs. Henry North, aged seventy-seven, at the residence here last night at 8:30 o'clock. Death came as the result of a fall which Mrs. North suffered last Thursday night when her right hip was broken. The deceased had been unconscious for some hours prior to her death, which was not unexpected. Mrs. North's maiden name was Georgiana Frost and she was the daughter of Mr. and Mrs. William Frost, who were pioneer residents of Scott county.

The deceased, although born in Scarborough, England, had lived nearly all of her life in Scott county. It was there as a young woman that she became the wife of William H. Mrs. Elizabeth Hurd of Jacksonville, who makes her home with her daughter, Mrs. J. O. Priest, was a sister of Mrs. North and another sister, Mrs. James Coultas, died a few years since. Harry North arrived from Harvard Tuesday afternoon to attend the funeral, but William North will be unable to come on account of illness.

Mrs. North had for a great many years been a member of the Methodist church of Winchester and was a woman whose spirit and manner of life gave her the admiration of all who knew her. Thus thru the years as a consistent and faithful member of her church, she exercised a large influence for good in the community.

The funeral will be held Wednesday afternoon at 3 o'clock at the residence, the service to be in charge of Rev. C. W. Caseley.

## PROVINE PROMISES GREATER ECONOMY

COST OF ATTORNEY GENERAL'S OFFICE HAS INCREASED \$200,000 IN PAST FOUR YEARS

the office should be conducted with as little expenditure as is possible without interfering with efficient service.

From Legislative Voters League Bulletin of July 20—Fortieth District (Counties of Christian, Shelby, Cumberland and Fayette) Walter M. Provine, representative (Rep.); lawyer, Taylorville. Ending his fifth term of efficient service. First choice of the Republican caucus for speaker but was defeated for election by the bolt of the seventeen "wets." Led the floor fight for bills simplifying court procedure and protested against increased appropriations and the deficiency measures. Made one of the best records in the Assembly.

Pointing to the fact that the appropriations for the attorney general's office in the last general assembly amounted to \$439,200, an increase of \$197,686 during this administration, Walter M. Provine, of Taylorville, candidate for the Republican nomination for attorney general, declares for greater economy.

"The office is a most important one," Mr. Provine said today in discussing the subject, "but its duties have not grown in proportion to the enormous growth of appropriations under the present administration.

"The Forty-seventh general assembly appropriated only \$241,513 for the last two years of the preceding Republican administration. The appropriation of nearly half a million by the Forty-ninth general assembly cannot be justified. I believe that all extravagance should be eliminated and that

#### THREE WAYS OF VOTING FOR ASSEMBLY MEMBERS

Electors Have Choice of Voting for One, Two or Three Candidates.

There has been some question as to the manner of voting for members of the legislature in the coming primary. County Clerk C. A. Boruff yesterday answered several questions on this subject by quoting the law which provides that for member of the legislature the voter may cast three votes for one candidate, 1-2-3 for two candidates or one each for three candidates.

The law is very clear on this subject and reads as follows: "In all primaries for the nomination of candidates for representatives in the general assembly each qualified primary elector may cast three votes for one candidate or may distribute the same or equal parts thereof among two or three candidates as he may see fit; and the candidate or candidates receiving the highest number of votes shall be declared nominated for the office to be filled."

The contract for oiling six miles of road and building culverts when necessary has been let to John Brogan for \$13,534.

County Superintendent Scott has completed his annual report of the public schools of Greene county. There are in the county 106 schools with a total enrollment of 4797 pupils. The expenses of these schools for the year ending June 30, foot up \$104,463.96. The school property and apparatus is valued at \$315,027.

Paul W. Wood, ex-sheriff and ex-county treasurer of Greene county, died at his home near this city Sept. 4. He was 60 years old.

Miss Maria F. Hazle, one of Greene county's best known women died at her home in this city, Monday, Sept. 4. She was for many years a teacher in the Carrollton Public school and has taught in the Chicago schools. She was the past two years teacher in the Bunker Hill school.

#### DR. J. ULYSSES DAY RELEASED ON BOND BY ORDER OF COURT

Manuel Day, Father of Accused Physician Signed \$5,000 Bond—Judge Creighton Issued Order.

Dr. J. Ulysses Day, who was remanded to the sheriff by the verdict rendered by a coroner's jury which investigated the death of Rose Carr, was admitted to bail Tuesday in the sum of \$5,000. Dr. Day's father, Manuel Day, signed the bond. Monday night, as mentioned in the Journal Tuesday, John M. Butler, as attorney for Dr. Day, secured from Judge Creighton in Springfield a writ of habeas corpus, and in accordance with this writ Dr. Day was taken to Springfield Tuesday by Sheriff Graff and Deputy Sheriff B. C. Andrews. John M. Butler accompanied them and made the statement of the case before Judge Creighton, who then entered the order that the accused be admitted to bail and this was fixed in the sum of \$5,000, the amount being satisfactory to State's Attorney William N. Hairgrove. Judge Creighton followed the precedent in entering the order fixing the amount of bail. Dr. Day's relatives were ready with a \$10,000 bond if necessary.

#### SUIT IS FILED AGAINST LIEUT. GOVERNOR FOR ACCOUNTING

Fayette S. Munro asks About Disposition of Funds—No Sensational Facts About Deaths of Louis Liptka.

Springfield, Ill., Sept. 5.—Lieutenant Governor Barrett O'Hara was made defendant in a suit filed today by Attorney Fayette S. Munro, who has been identified with the various Fergus suits. The bill asks that the lieutenant governor be compelled to appear in court and give an accounting of expenditures of certain funds for which special appropriations were made.

John Samuel Fairchild, a candidate for nomination for coroner in Sangamon county, died at St. John's hospital today. Mr. Fairchild was formerly U. S. deputy marshal and was a veteran of the Spanish-American war.

The offices and shops of the C. P. & St. L. railroad which were recently closed by order of General Manager Hurst will reopen Saturday morning.

The coroner's jury which inquired into the death of Louis Liptka declared that the man died as the result of a congestion or the brain. Liptka had been a patient at Jacksonville hospital and after his death relatives demanded an investigation.

#### H. J. & L. M. SMITH HAVE ADDED NEW DEPARTMENT TO STORE

Now Carry Complete Lines of Famous Eiffel Hosiery For Women and Misses.

H. J. & L. M. Smith have recently added the Eiffel line of hosiery to the already extensive stock of their south side store. The Eiffel brand is featured by one or more of the State street stores in Chicago and is justly famous for both quality and style. A display in the west window at the Smith store gives an adequate idea of this exceptional line and the price range is from 25c to \$1.50, proving that the highest class hosiery can be retailed at moderate prices.

A year ago the Smith store added a corset department, featuring the Frolaset, and the addition of the hosiery department marks the further development of the establishment. New fixtures will be added and some other interior changes made to accommodate the hosiery stock, which has already been received. Everything about the Smith store has its appeal for women who are seeking the correct apparel in the lines in which this store specializes.

### SPECIMEN BALLOTS READY FOR THE PRIMARY ELECTION

Republicans Will Select Eighteen From Sixty-seven and Democrats Like Number from Forty-Four.

The specimen primary ballots for the election next Wednesday, Sept. 13, have been prepared by County Clerk Boruff in accordance with law. The sample ballots prepared show that Republicans must select 18 candidates out of a list of 67 and that Democrats will select 18 from a list of 44.

The specimen ballots show that there are a good many more candidates on the Republican ticket than the average voter has heard of. For example, there are 7 candidates for lieutenant governor and 7 for secretary of state. For the nomination for auditor, which Andrew Russell and Homer J. Tice are seeking, there are 10 aspirants. It is doubtful, too, if the average voter knows that 9 candidates are seeking nomination for congressman at large. On the Democratic ticket there are but 6 candidates for secretary of state, 6 for auditor and 5 for congressman at large.

The names as they appear on the sample ballots are as follows:

## STEPHEN H. CUMMINS ANNOUNCES PLATFORM FAVORING FARMERS

CANDIDATE FOR CONGRESSMAN-AT-  
LARGE, THIS LAWYER-FARMER  
ISSUES A CLEAR CUT STATE-  
MENT TO REPUBLICANS.

Stephen H. Cummins, lawyer of Spring-  
field, Ill., candidate for the Republican  
nomination for congressman-at-large, be-  
lieves that today is the day for clear cut  
policies. Vague generalities such as "A  
friend of the people," "The farmers' can-  
didate," and other high-sounding phrases  
might have been voted winners in days  
gone by, but he believes that today, and  
especially in the rural districts, wants to  
know exactly what a candidate proposes  
to stand for.

Mr. Cummins has a very definite plat-  
form, and asks for the votes of those who  
agree with him that these things that he  
stands for are for the betterment of the  
country as a whole.

(1) Endorsement of Full Suffrage for  
women.  
(2) Budget System.  
(3) Protection of Taxpayers.  
(4) Adequate Preparedness.  
(5) Republican National Platform in its  
entirety.

Mr. Cummins' Platform.  
Mr. Cummins endorses and promises to  
vote for:  
(1) Endorsement of Full Suffrage for  
women.  
(2) Budget System.  
(3) Protection of Taxpayers.  
(4) Adequate Preparedness.  
(5) Republican National Platform in its  
entirety.

Because the electors should know the  
caliber of the man who seeks office at  
their hands, Mr. Cummins opens the book  
of his life and shows a clear record. Not  
anywhere in the entire book does a blot  
or smudge appear. Stephen H. Cummins  
was born on a farm lived the life of the  
farmer, and knows the needs of the farm-  
er. Today he owns and operates two  
modern farms in Sangamon county, and  
gives them close attention despite his ex-  
tensive legal practice.

During the twenty-eight years as a  
lawyer, Mr. Cummins has handled some of  
the largest and most important cases of  
litigation in Illinois legal records. When  
the Attorney General of the State of Illi-  
nois needed able assistance he has called  
on Stephen H. Cummins. No man of small  
ability ever is called to such cases. De-  
spite the wonderful success Mr. Cummins  
has had as a lawyer, at no time has he  
hesitated to turn from a case where a  
large fee was forthcoming to defend a  
man who had little of the world's goods.

Mr. Cummins knows the needs of the  
country districts and knows the needs of  
the farmer's needs he has gained through  
experience of just how tired one can be  
after a good day's plowing to really know  
the farmer's problems.

For years Mr. Cummins has been a  
"wheelhorse" of the Republican party in  
Sangamon county, state and national elec-  
tions. When an orator was needed on  
the platform and on the stump Stephen  
H. Cummins was called on—and he worked  
and fought for Republican success, never  
flinching for defeat, never demanding  
praise for victory. It was his support that  
helped elect Lawrence F. Sherman to the  
senate and Mr. Sherman has personally  
thanked him for his assistance.

Two years ago Mr. Cummins entered  
the race for congressman-at-large and  
although the dark horse and a late en-  
trant for the contest he pulled a sur-  
prising number of votes. Chicago favors  
him perhaps more than any "down state".  
If the rural communities turn out and  
work for this man who is pledged to their  
interests Mr. Cummins can be nominated.  
The question of ability does not enter  
here for Stephen H. Cummins has gained  
his present prestige through ability. A  
dedicated servant of his country comes nat-  
urally to Mr. Cummins as a family trait for  
the late Senator Cummins of Iowa, the best  
friend the farmers interests ever had in  
the senate, is Mr. Cummins' own cousin.

ASKS FOR VOTES OF ONLY THOSE  
WHO BELIEVE AS HE DOES.  
Mr. Voter, here is the proposition—if  
you vote for Stephen H. Cummins you  
vote for a man who will work for your  
interests. Look over the platform he  
stands on—and will stand on if elected. If  
you want a conscientious worker for the  
common good, work and vote for Stephen  
H. Cummins. He is a fair, square, open-  
hearted, in-the-open non-factional candidate.  
Are you for Stephen H. Cummins?

ing his horses. They report a splen-  
did trip and Mr. Sheppard met with  
success in the show ring.

# VOTE FOR LOWDEN FOR OUR GOVERNOR

Don't Forget Wednesday  
Sept. 13, is the Day  
to Cast Vote.

Frank O. Lowden is the man for  
Governor of Illinois.  
Next Wednesday, Sept. 13, is the  
day the voter should go to the pri-  
mary. If you want Lowden for Gov-  
ernor, remember your vote will not  
count if you stay at home. Go and  
vote for him and take your friends  
along with you.  
You are choosing a man to run the  
great State of Illinois for you. You  
are a stockholder in this big enter-  
prise. You want the greatest amount  
of efficient service that can be given  
you at the lowest possible cost. Frank  
O. Lowden pledges four years of ser-

vice in your behalf—not in building  
up a political machine at your ex-  
pense.

Will Apply Business Methods.  
He will apply business methods in  
state affairs. He will recommend the  
budget system of finances, that some  
responsible head may study the needs  
of government and reduce your tax  
burden by holding down appropriat-  
ions and making every cent expended  
secure its equivalent in service.

His Pledges to the People.  
Frank O. Lowden is pledged to an  
effort to consolidate a hundred state  
commissions and departments into  
ten; to a greatly needed revision of  
antiquated tax laws; to fewer jobs for  
politicians and lower taxes for the  
people; to the development of your  
farms and live stock interests; pro-  
tection of industrial workers in every line  
and to a square deal to the employer  
and the tradesmen and merchants of  
the cities and villages throughout the  
state.

Takes Cause to Voters.  
He has gone to the people with hon-  
esty of purpose. His integrity is un-  
questioned. Not in years have the  
people of Illinois had the opportunity  
of selecting so capable and able a  
man for Governor as they now have  
in Frank O. Lowden.

Has Kept His Word.  
Declaring he would not be the can-  
didate of any faction, and that as a  
candidate he would make no promises,  
less or implied, or have any ally

ances, either direct or remote, which

## For Congressman at Large STEPHEN H. CUMMINS

His ability as a campaign orator has helped the Republican party to success in many campaigns and he was one of the staunch supporters of Senator Sherman. Endorses full suffrage for women, and favors the Budget System of Appropriations, the abolition of the "Pork Barrel," a Protective Tariff, Preparedness and the Rural System of Credits to aid the Farmers.

A son of a Mexican soldier, he is a self-made man, has been in turn a farmer's boy, country school teacher, newspaper reporter, cashier of a bank, assistant Attorney General, a successful lawyer, and a loyal Republican from boyhood. He has been intimately acquainted with every Governor and United States Senator since the days of John A. Logan, who by the way complimented Mr. Cummins for his part in the election of General Logan to the United States senate in his memorable contest in 1885.

Mr. Cummins owns and operates two farms in Sangamon county and takes pride in his knowledge of the farmers' problems.

whether they would be able to reach  
Springfield on account of the ordered  
strike. But about three score were  
fortunate to live on the electric in-  
terurban lines,—and as many more  
are equipped with Fords, five pas-  
senger class, and along the route  
were able to accommodate an un-  
fortunate brother, so the anxiety was  
less than it would have been some  
years back. But going back to Cart-  
wright's day—such a thing as a rail-  
road strike would have had no terror  
to the average itinerant, each having  
his own way of traveling. But hap-  
pily all such suspense passed away  
and each conference member hasten-  
ed toward the state capital at the  
appointed time.

**A Located Conference.**  
As before, the question of locating  
the conference for a term of five  
or more years at some centrally sit-  
uated city, is up for discussion. De-  
catur made a bid for such location  
two years ago, and Springfield re-  
luctantly the conference this year with  
a view of having the sessions con-  
tinuous. A system of pooling rail-  
road rates, has been figured out, and  
it is announced that each member,  
by the payment of one dollar, could  
equalize the rate for those who live  
at a distance within conference bound-  
ary lines, with those who reside at  
or near the seat of conference. Some  
such plan is bound to come,—when  
as some think, shortly laymen are  
also admitted to membership in the  
annual conference.

**Cabinet in Session.**  
Bishop Wilson called together his  
advisers, (the District Superintend-  
ents) at noon Monday. So when the  
conference opens, he will have  
had at least five sessions of consulta-  
tion and direction, and most of the  
preliminary work, and a third of the  
lower grades of appointments will  
have been canvassed. But when the  
members, most concerned arrive,  
there may be much work to do over  
again, much re-adjusting so as to  
make the square pegs fit in nicely  
the round holes, and remain fixed for  
at least a good twelve months to  
come. There is less and less of the  
arbitrary fixing of appointments as  
the years go by.

**Christian Stewardship.**  
The series of addresses delivered  
thruout the conference on Christian  
Stewardship, by Harvey Reeves Cal-  
kins, two years ago, is bearing fruit.  
The various new and aggressive  
things done in the conference are be-  
ing talked by the preachers and Rev.  
W. O. Haverford, pastor of Taber-  
nacle Church, Paris, tells of a Tith-  
ing Band organized in his church  
consisting of 20 members. An addi-  
tion to this number of Tithers of  
6 is to be made with the new con-  
ference year. They have a regular  
organization with a board of direc-  
tors, and a Tithe Treasurer, with spe-  
cial Tithers envelopes for the recep-  
tion each week of a tenth of the  
earnings. On Sunday, morning and  
evening, this Treasurer, together  
with the Church treasurer, opens the  
envelopes, count the money and di-  
vide it equally. One half is taken  
by the Church Official Board, the  
other half by the Tithers Band. In  
this way, things of special and need-  
ed interest are cared for by the giv-  
ers of the tithe. They have Build-  
ing and Loan stock, a few shares,  
with payments that will mature stock  
in three years, and in this manner  
are helping to solve the problem of  
meeting expenses, in a church of  
comparatively poor people. The regu-  
lar church officials are greatly pleas-  
ed with the experiment of these  
pioneers in the movement, as the  
amount exceeds by fifty per cent, the  
former contributions to the budget  
and the benevolences of these same  
contributions. A contractor whose in-  
come is estimated at from two to  
five thousand a year, has also been  
convinced of the wisdom of the  
able method and has joined the  
band for the coming year. It is pre-  
dicted that the Tabernacle plan may  
be the beginning of a movement to-  
ward more serious consideration of  
the question whether we are Pagan  
or Christian in the matter of own-  
ership vs. possession.

The greetings and exchange of con-  
fidences about moving or returning  
have about been made, and now for  
the business of the church and  
kingdom.

should attend.

## SOME FARM THEMES.

### Will Cut Lumber

W. G. Richardson, who lives six  
miles west of Jacksonville, has re-  
cently purchased a saw mill which  
he is to install on 20 acres of tim-  
ber on his land. The mill will be  
in operation during the fall and win-  
ter according to demands, as it is  
Mr. Richardson's plan to clear off  
all of the 20 acres. The timber is  
mostly elm, oak and ash. He said  
yesterday that the timber was not  
really worth as much as it would  
have been some years ago and that  
it would have been much better  
if the land had been cleared then  
and thus been in crops for a num-  
ber of years.

### Filling Silos

Silo filling is now occupying the  
attention of farmers who have silos  
as part of their farm equipment. It  
is no small job to fill a silo and a  
cutter and a goodly force of men  
and teams are necessary if the work  
is to be done quickly. In most cases  
the cutters are now operated by  
gasoline engines but in some cases  
by steam power. The silo is slowly  
coming into general usage in Mor-  
gan county but successful feeders  
and dairymen for the most part are  
firm in the belief that the silo pro-  
vides the means of getting a much  
larger percentage of feeding value  
out of the corn crop. At the school  
for the deaf there are two large vit-  
rified tile silos which were built  
last year and they are now being  
filled from one of the institution's  
corn fields.

### Feeding Value of Corn

The question of the value of feed-  
ing green corn as compared with old  
corn is now being considered by a  
number of Morgan county farmers.  
In some instances the reason is be-  
cause the old corn supply has been  
exhausted and the farmers do not  
like idea of paying 80c a bushel for  
the corn needed to feed their horses  
or hogs. In other instances the  
question is being considered because  
the corn is down so badly that "hog-  
ging" it is about the best method  
that can be adopted for getting all  
the grain put to some good use. Opinions  
vary as to the feeding value of  
green corn but most farmers that  
you talk to agree that they would  
rather feed new corn mixed with old  
if their supply is short than to  
buy old corn. They do not believe  
there is quite as much nutriment  
in the new crop as there is in the  
old but feel certain that they are  
getting at least 65c a bushel for the  
new crop when they feed it when it  
is known that old corn will cost  
them 80c a bushel.

## COLORED VOTERS STRONG FOR RUSSEL

MASS MEETING AT COURT HOUSE  
TUESDAY NIGHT

Many Speakers Lauded Jacksonville Man Who Seeks Nomination for Auditor—Candidate Has In Many Ways Shown His Friendship for the Colored Race.

In an enthusiastic meeting held in the circuit court room Tuesday evening the colored voters of Jacksonville and Morgan county passed resolutions endorsing the Hon. Andrew Russel for the office of state auditor.

All of the speakers paid high tribute to Mr. Russel as a man and a public official and the unanimity of opinion was such that it speaks highly of the regard which colored citizens of the community have for him.

When the meeting was called to order Rev. J. W. Muse was selected as chairman and Rev. M. L. Mackey as secretary. Mr. Muse in his opening remarks expressed his appreciation for the honor of serving as chairman of the meeting. He said he had travelled over 200 miles in order to be in attendance. He set forth the purposes of the Republican party. "The Republican party," said the chairman, "is the party that gives equal opportunity to the colored race."

### Candidates Made Address

Rev. E. M. Harlis suggested that a committee on resolutions be appointed. James Brown made a motion to that effect which carried. The chair appointed the following: Rev. H. H. DeWitt, chairman, Rev. E. M. Harlis, Dr. E. L. Scruggs, A. E. Ewing, A. J. Jones, Samuel Crutchfield, Cupid Mosely, Dr. R. H. Beverly, James Scott. The committee retired to draft resolutions. While the committee was out the chair called on the candidates for state's attorney, Paul Samuel, Carl E. Robinson and Fred L. Gregory. All of the candidates responded briefly saying that they had been campaigning all day and did not come prepared to make a speech. They thanked the chair for the privilege of addressing the gathering.

James Brown spoke briefly. He said he could heartily endorse all that had been said by previous speakers. The speaker surrendered the floor to the Rev. Raphael Hancock.

Mr. Hancock spoke of the 20th Century negro. "What the negro wants," said the speaker, "is equal rights in every walk of life. The carrying out of the Golden Rule is what the negro of today wants."

### Resolutions Adopted

The committee on resolutions entered at this time and Dr. R. H. Beverly offered the following resolutions which were adopted unanimously:

Whereas, our fellow-townsmen, Andrew Russel, is a candidate for the office of state auditor, and whereas, in the position he now holds he has proved a most efficient public servant, bringing the utmost ability and painstaking care to the affairs pertaining to his position as state treasurer, thereby winning the highest commendation from those of his fellow citizens of the great state of Illinois whom he serves, and whereas, Mr. Russel, a broad hearted public spirited man interested in advancing of the human interest, is ever ready to assist the needy and to push a good cause, and whereas, Mr. Russel has shown his good will toward the colored citizens not only in our city but throughout the state by giving to our race political recognition.

Therefore, be it resolved by the colored voters of Morgan county here assembled at the court house, that we hereby pledge our support to Mr. Russel in his contest for the office of state auditor and that we shall do all in our power to bring success to his aspiration at the primary on September 13; and it is further recommended that these resolutions be printed in the Journal and that 500 copies be secured and sent to representative men of the race in the different localities throughout the state, and that a committee of five be appointed to see that the papers are properly distributed.

Respectfully submitted, Rev. H. H. DeWitt moved that the chair appoint a committee of five and that they arrange for 500 copies of the Journal containing the resolutions and send them to representative colored voters throughout the state. The motion carried and the chair appointed Dr. R. H. Beverly, Dr. E. L. Scruggs, Rev. E. M. Harlis, John Easley, and Robert Lewis.

The chair then stated that the purpose of the meeting was to endorse the Hon. Andrew Russel for state auditor and that a number of good speakers were present who could perform the task. He called on Mr. DeWitt. He said that everybody knew he was for Andrew Russel and had always been for him. "However," said Rev. DeWitt, "I am tired out. Already today I have made on speech for Mr. Russel and I would ask to be excused."

Mr. Russel Friend of Colored Race The chair then introduced Dr. E. L. Scruggs. He said in part: "I am glad to be here and look into the faces of you men and women. As citizens of this great nation and of this great state it is our duty to

see that men are selected who are fit. We all have preferences for other candidates for office but we are not here tonight to speak of them. It is our duty to go to the polls on the 13th of Sept. and cast a unanimous vote for the Hon. Andrew Russel. "I cannot see," said the speaker, "how any colored man could vote for a Democrat for president. I want to give you my reasons for being for Mr. Russel for auditor," said Dr. Scruggs. "It is because he is a capable man and has proven an efficient public official. He would fill any office to which he is elected with honor to himself and this community and he is especially fitted to fill any office where figures are to be dealt with."

"I am for him because he is a home man and because he holds the good will of all citizens of the city. I am for him because he gives recognition to the people of my race. There must be a beginning for our race to get offices of public trust. If a few get in it will be only a question of time until the door of opportunity will swing open all over the nation. Mr. Russel has shown his friendship for our race by giving him positions. Therefore he deserves our support. He is a pure Republican and it should be the proud privilege of every colored man to cast a vote for him."

A. E. Ewing spoke for the laboring man. The speaker said there was no question but what the colored men of Jacksonville and Morgan county were for Mr. Russel for auditor. He was for Mr. Russel because he always did what he promised to do.

Cupid Mosely paid a tribute to Mr. Russel. He told of his going down to defeat four years ago but said he came back two years ago and it was his popularity that placed Illinois back in the Republican ranks again. Mr. Mosely by request sang two verses of Illinois which were received with great enthusiasm.

### Other Speakers Heard

A. J. Jones paid a high tribute to Mr. Russel as a man. "Mr. Russel," said the speaker, "knows the colored man all the time whether he is running for office or not. He is capable and efficient and a friend to the colored man. We will nominate him Sept. 13 and that is the same as electing him for he is sure to be elected."

Rev. J. E. Carter said he had only been in Jacksonville a short time. "In that time," said Mr. Carter, "I have investigated Mr. Russel's record and I find him worthy of the support of the colored race." Rev. Carter was opposed to colored people segregating themselves for a political meeting. He was of the opinion rather that they should meet and have a Republican meeting as American citizens.

Rev. E. M. Harlis was the last speaker and after eulogizing Mr. Russel for his friendship to the colored people he proposed three cheers, for him which were given with a will. The meeting then adjourned.

### PAVING ON MOUND ROAD TO BE DONE BY PRIVATE CONTRACT

Walter Lonergan Commenced the Work Tuesday—Tavaria Road Will be Fifteen Feet Wide—Several City Streets Will be Paved this Fall.

Walter Lonergan, who has the contract for construction of a tarvia pavement on the Mound road, began excavating work yesterday. This work is by private contract between the owners of property and Mr. Lonergan and calls for a 15 foot tarvia pavement with sandstone curb, to be laid on the south side of the railway tracks from the city limits west to the west line of the residence property of Mr. Elliott. It is very probable that this roadway will be extended on west past the Norbury sanatorium property and possibly still further. Property owners on the north side of the street railway do not feel like putting down pavement at this time and so the residents along the south side agreed among themselves on the contract work which has just been let.

The street railway does not run straight all the distance along Mound avenue but will be moved in certain places so that the new pavement will be of the same width for the entire distance. This work will be pushed along rapidly and Mr. Lonergan expects to have the job completed some weeks before cold weather.

**Plan Work for This Fall.**  
There has been some belief that the board of local improvement did not expect to have any paving work completed this fall but was simply making plans to let the contractors have the work done next spring. Mayor Rodgers said yesterday that this is not the case. Bids are now being asked for the construction of tarvia pavement on South Clay avenue and it is the expectation that this contract will be let and the work begun within the next thirty days. The expectation also is that Prairie street will be paved this fall. The court hearing is set for an early date and if the assessment is confirmed the contract can be let within ten days thereafter and actual work commenced within twenty days.

On account of the illness of the public engineer there has been some little delay in preparing the ordinance for creosote block pavements on Sandy, Court and West streets, but it is the expectation that this ordinance will be ready at an early date so that the work can be done this fall. No streets in the business district need repaving more than the ones mentioned. Even if cold weather should come while the work was in progress it would not materially interfere with the asphalt or the creosote block paving. It is the intention to make all the streets adjoining the public square 27 feet wide. Some of them now have pavements 24 feet wide and others as narrow as 20. In all cases where the streets are widened a sidewalk 6 1-2 feet wide will still be left on both sides of the street.

It is of interest to note, too, that the much talked of Mathers street crossing is almost a reality. The C. P. & St. L. has put down 3 inch oak plank on their right of way and the C. & A. and Wabash officials have announced that they are all ready to put in their walks and that the work will be completed within the next ten days.

### JACKSONVILLE RESIDENTS HAVE BEEN MARRIED SIXTY-ONE YEARS

Remarkable Record Belongs to Mr. and Mrs. Joseph DeSilva of West Lafayette Avenue.

The following communication was received by the Journal from Charles DeSilva of Houston, Tex. Mr. DeSilva in the article pays a deserved tribute to his parents, Mr. and Mrs. Joseph DeSilva, who are now making their home at 724 West Lafayette avenue and are among the most honored citizens of Jacksonville. To them belongs the remarkable record of a married life of sixty-one years, that is, to be exact, they will celebrate their sixty-first wedding anniversary next Friday, Sept. 8. Mr. and Mrs. DeSilva are both still in fairly rugged health and give every indication that they will be spared to their family and friends for many years to come. The son's tribute is as follows:

In this age of easy divorce and lax regard of marital laws, it is refreshing to turn from the sensational stories of the courts to a single tale of wedded happiness that covers a period of more than a half century. Such a tale is presented in the history of the married life of Mr. and Mrs. Joseph DeSilva, who, for the past sixty-one years have been husband and wife. Sixty-one years ago, on September 8, 1855, long before the Civil War, they were married in Jacksonville, Illinois, where most of their life was lived. Since that date the circling years have brought them much of joy and sorrow, too, has been thrust upon them in that long sweep of years, and now as they wait patiently for the final summons that alone can end their union they rejoice in the knowledge, that three of these children have been spared to grow to useful manhood, and by the lives they are living, shed splendor on the declining years of this faithful and contented old couple.

The sons of Mr. and Mrs. DeSilva now living are: Dr. Joseph DeSilva of Rock Island, Illinois, Charles and Benjamin, of Houston, Texas. One son, Victor DeSilva, died at Port Arthur, Texas, September 19, 1899. Another son, Louis DeSilva, died in Jacksonville, Illinois, May 13, 1907, and another son, John DeSilva, died in Jacksonville, Illinois, June 10, 1914. Two other sons, having died in their infancy. There are nine grandchildren and four great grandchildren living.

It is not the pleasure and privilege of one couple in a million to celebrate the sixty-first anniversary of their wedding. You have both lived to a ripe old age with honor to yourselves and usefulness to the people among whom you have lived and you have been revered and respected by your neighbors. Wishing both of you many years of health, happiness and companionship.

Charles DeSilva.

### BOARD OF EDUCATION IN SPECIAL SESSION TUESDAY

School Warrants Will Be Carried by Dunlap, Russell & Co., at Four Per Cent—Night Classes For Workers Suggested.

The board of education met in adjourned session at five p. m. yesterday. The principal business of the session was opening bids for carrying school warrants. The Elliott State bank bid 4.50 percent and Dunlap, Russell & Co. bid 4 per cent and received the contract. The matter of weighing coal was discussed and Supt. Perrin was empowered to have normal extension classes here if desirable and to organize night schools if practicable.

**The Proceedings.**  
The board met in adjourned session with all members present except Member Duncan; President Lippincott presiding. The first business was the opening of bids for cashing school warrants and holding them till money would be available for their redemption. The bid of the Elliott State bank was 4.50 percent of the total amount not to exceed \$50,000, and the conditions be satisfactory to them and their counsel. The bid of Dunlap, Russell & Co. was for 4 per cent no gross amount specified, and the contract was awarded them. Member Rogerson presented a few bills, a small one from Brady Brothers which was partly contracted by the former board and all were ordered paid.

Member Hopper asked about the weighing of coal bought for the buildings and the president said the board had reserved the right to have the coal weighed on delivery at its own expense. After considerable discussion it was decided that the superintendent would have the matter in hand. The finance committee and bank were instructed to prepare a form of warrant to be used.

Capt. Perrin said he had found extension normal courses a very good thing for teachers not able to go to a normal college. He said arrangements could be made, if enough would go into it, to have normal classes right at home and the institutions would send here examiners at suitable times and the students would be examined by them and receive the same certificates as if they had attended. If enough persons here desire to organize such a class or such classes it was voted to allow them the use of school rooms.

Member Black said he had been approached by two men who were very anxious to attend a night school to prepare themselves for a civil service examination. The matter was discussed at considerable length. Supt. Perrin felt very favorable toward helping all such persons and that was the sentiment of the board and the use of rooms was voted the same being already heated and the only expense the board will pay will be a little light, the pupils paying the night instructors.

**STATEMENT BY DR. JAMES ALLMOND DAY**

Within the last few days a member of the medical profession in this city, Dr. John Ulysses Day, a young physician, with offices on East State street, has been accused of a serious crime, and the same has been the subject of considerable publicity.

On account of the fact that his name is similar to mine, and that he is practicing medicine in the same city that I am, I believe that there may be some misunderstanding as to the identity of the accused and as a result my personal and professional reputation might be made to suffer, especially in communities where it is not known that there is another man of so similar a name in this city.

I wish to state that I am in no way related to Dr. John Ulysses Day, nor have I ever had any personal or professional dealings with him.

I have been practicing surgery in Jacksonville for fourteen years and for the past six years have conducted a private surgical hospital at 1008 West State street.

In justice to my character and reputation I make this explanatory statement to the people in this and neighboring communities who do not know me personally.

(Signed) Dr. James Allmond Day, Rooms 10-14 Morrison Building, Jacksonville, Illinois.
